SUMMARY

Full Stack Developer with hands-on experience building secure, cloud-integrated web and mobile applications. Skilled in React, Node.js, MongoDB, and Azure, with a strong focus on secure coding practices, QA/bug testing, and rapid feature delivery. Recognized as Best Performer during internship for identifying 100+ bugs and improving product security and reliability.

SKILLS

- Languages: Python, C, Java, C++, JavaScript, HTML, CSS, Bash/Shell
- Tools/Frameworks: GitHub, React, Node.js, Express.js
- Databases: MySQL, Oracle Database, MongoDB, SQLite
- Cloud & DevOps: AWS, Microsoft Azure, Azure Blob Storage, Terraform, Git, Postman
- Practices: Secure Coding, AI-Assisted Secure Development, RESTful APIs, Agile/Scrum

WORK EXPERIENCE

Full Stack Developer Intern | Staatse (Security Company), Ahmedabad

June 2024 - July 2025

- Built a security vulnerability tracking and asset management platform with a real-time dashboard, SLA monitoring, and Slack/Teams webhook alerts.
- Identified and reported 100+ software bugs and security issues; awarded Best Performer for quality and impact.
- Developed a secure file upload module with Azure Blob Storage, including validation, access control, and encryption.
- Built a dynamic Word document template engine to auto-generate client-ready reports from structured data.
- Worked with RESTful APIs to connect frontend and backend systems, collaborating in an Agile/Scrum environment to deliver features on time.

PROJECT

Invoice Generator Mobile App

- Built a cross-platform, offline-first invoice generator using React Native, Expo, and SQLite; produced a downloadable test build.

EDUCATION

Master of Computer Applications | Sardar Vallabhbhai Global University, Ahmedabad *August 2025 - March 2027*

Courses: Data Structures, Web Development, Databases, DevOps, Computer Networking

Bachelor of Computer Applications | Chimanbhai Patel Institute of Computer Applications, Gujarat University, Ahmedabad *August 2022 - July 2025*

CGPA: 8.27 | Courses: Data Structures, Web Development, Databases, Fundamentals of AI

CERTIFICATIONS

- Microsoft Azure Fundamentals (AZ-900) - In Progress
- Developing Secure Software (LFD121) - The Linux Foundation
- Introduction to Linux (LFS101) - The Linux Foundation
- Introduction to Retrieval-Augmented Generation - IBM SkillsBuild
- Python for Data Science, AI & Development - IBM
- Python Project for Data Science - IBM
- Databases and SQL for Data Science - IBM
- Data Analysis with Python - IBM

- What is Data Science? - IBM
- Tools for Data Science - IBM
- Data Science Methodology - IBM
